Description:

## SCA-U811 Surface Mounted Toilet Tissue Dispenser

Customer:

Customer Part #

08-20-2015

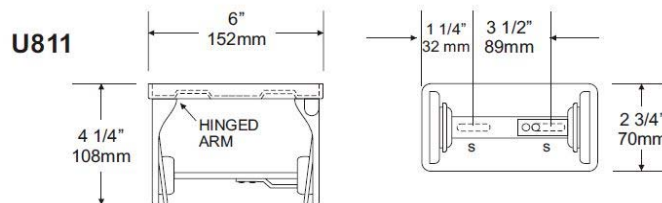

### Specifications:

**Mounting Plate:** Bright chrome plated 22ga steel formed for maximum strength.

**Arms:** Hinged arms are 22ga bright chrome plated. The other arm is fixed. Both arms are fabricated with an extended support to maintain toilet tissue roll. There are no spindles or control bar to support roll. Rolls can be changed by depressing button to release one arm. This is a controlled type dispensing system.

### Installation:

Provide an area on wall surface at desired or specified location. Hold unit to surface and make sure unit is level. Transfer mounting points to wall and drill pilot holes. Secure units with proper fasteners per application. Open units by depressing tab on spindle that allows arm to unlock. Load tissue on spindle and snap close.
